INTERNATIONAL PARTICIPATIVE FINANCE FORUM CASABLANCA 2015

19th & 20th October 2015 | Hotel Hyatt Regency, Casablanca, Morocco

UNLOCKING NEW OPPORTUNITIES AND VALUE CREATION IN MOROCCO

With a combination of national wealth, a concerted country-wide push to incorporate participative Finance into their funding sources, and growing consumer appetite for Shariah-compliant financial products, Morocco is now the focus of leading global players. The recent decision to open the financial industry to participative Banking and Finance, plus a large funding need has resulted in a new emphasis on Morocco, the door to the African countries.

With this in mind, Amanie and AISSE proudly presents the International Participative Finance Forum Casablanca (IPFFC 2015) that will bring leading experts from across the globe to present and share the success stories of participative Banking and Finance and to discuss the opportunities and challenges of the participative Finance industry.

The Amanie Group consists of an independent Shariah global advisory firm founded on the core values of integrity, transparency, commitment and accountability that serves institutional, corporation and financial institution clients on Shariah, investment banking, legal, capital market, and fund management across offices in Dubai, Kuala Lumpur, Melbourne, Astana, Cairo, Muscat, Seoul, and Dublin.

AISSE team comprises professionals in audit, finance, tax & legal advisory, specializes in offering consulting, auditing, legal and training services and support to its global customers and partners.
